Fáilte ar ais

Welcome back: your workflow, and where it broke

Rinne tú sruth oibre de thasc amháin idir Seisiún 2 agus inniu. Cá háit ar theip air?

Between Session 2 and today you turned one task into a workflow. Where did it break?

6

nóiméad • min

**I mbeirteanna (nó i ngrúpa beag ar líne):
taispeáin do shruth oibre. Cén chéim a bhí
deacair?**

In pairs (or a small online group): show your workflow. Which step was hard?

4

nóiméad • min

I gcomhrá Teams: trí fhocal faoin áit ar theip air.

In the Teams chat: three words about where it broke.

5

nóiméad • min

**Ceist ghasa: cé na huirlisí AI is féidir leat a
oscailt inniu?**

Quick poll: which AI tools can you open today?

Comhrá Teams an cruinniú an balla roinnte do gach duine — sa seomra agus ar líne.

The Teams meeting chat is the shared wall for everyone — in the room and online.

Hibrideach

Sa seomra: i mbeirteanna. Ar líne: seomraí foghrúpa de bheirt nó triúr. Gach duine: trí fhocal sa chomhrá.

Room: pairs. Online: breakout rooms of two or three. Everyone: three words in the chat.

Cé na huirlisí atá agat inniu?

Which AI tools can you open today? — this decides the groups

ChatGPT

Claude

Copilot (cuntas
pearsanta)

Copilot (personal account)

Copilot Chat (cuntas
oibre)

Copilot Chat (work account)

Ceann ar bith fós

None yet

Níl sé de dhíth ort cuntas nua a oscailt. Mura bhfuil uirlis agat, oibreoidh tú le duine eile.

You do not need to open a new account. If you have no tool, you will work with someone else.

Grúpaí de thriúr: duine amháin le ChatGPT, duine le Claude, duine le Copilot — más féidir.

Groups of three: one person on ChatGPT, one on Claude, one on Copilot — where possible. Mixed groups (room + online) are welcome.

Hibrideach

Sa seomra: lámha in airde. Ar líne: freagair sa chomhrá (nó vótaíocht Teams).

Room: hands up. Online: answer in the chat (or a Teams poll).

Trí chúntóir AI

Three AI assistants, three companies, three environments

ChatGPT

OpenAI

chatgpt.com nó an aip

chatgpt.com or the app

Leagan saor in aisce ann: cuardach gréasáin, comhaid, íomhánna agus guth — le teorainneacha.

Free version: web search, files, images and voice — with limits.

Bain triail as: dréachtú tapa, athscríobh, íomhánna.

Try it for: quick drafting, rewriting, images.

Claude

Anthropic

claude.ai nó an aip

claude.ai or the app

Leagan saor in aisce ann: cuardach gréasáin, comhaid agus cuimhne. Suas le cúig thionscadal.

Free version: web search, files and memory. Up to five projects.

Bain triail as: téacsanna fada, doiciméid, athbheithniú.

Try it for: long texts, documents, review.

Microsoft Copilot

Microsoft

copilot.microsoft.com, Edge, nó Microsoft 365

copilot.microsoft.com, Edge, or Microsoft 365

Copilot Chat le cuntas oibre incháilithe; Copilot pearsanta le cuntas Microsoft.

Copilot Chat with an eligible work account; personal Copilot with a Microsoft account.

Bain triail as: obair i dtimpeallacht Microsoft 365 d'eagraíochta.

Try it for: work inside your organisation's Microsoft 365.

Níl an Ghaeilge ar liosta oifigiúil teangacha Copilot (tá an Bhreatnais air). Bain triail as — sin cuid den cheacht.

Irish is not on Copilot's official language list (Welsh is). Test it — that is part of the lesson.

Saor in aisce, íoctha nó oibre?

Free, paid or organisational — what you see depends on your account

	Saor in aisce Free	Íoctha Paid plan	Ceadúnas eagraíochta Organisational licence
ChatGPT	Cuardach, comhaid (3 in aghaidh an lae), íomhánna, guth, tionscadail — le teorainneacha Search, files (3 a day), images, voice, projects — with limits	Níos mó úsáide, níos mó samhlacha agus uirlisí More use, more models and tools	ChatGPT Business / Enterprise
Claude	Cuardach, comhaid, cuimhne, suas le 5 thionscadal Search, files, memory, up to 5 projects	Níos mó úsáide agus samhlacha; Claude i Microsoft 365 More use and models; Claude in Microsoft 365	Claude Team / Enterprise
Copilot	Copilot pearsanta (cuntas Microsoft) Personal Copilot (Microsoft account)	Pleananna pearsanta Microsoft Microsoft personal plans	Copilot Chat (gan táille bhreise do chuntais incháilithe) • ceadúnas Microsoft 365 Copilot Copilot Chat (no extra cost for eligible accounts) • Microsoft 365 Copilot licence

Cuntas pearsanta nó cuntas oibre? Athraíonn sé sin cad a tharlaíonn do do chuid sonraí.

Personal account or work account? That changes what happens to your data.

Taispeántas: an cheist chéanna

Demo: one question, three tools, live — nothing tidied

Mínigh i dtrí abairt cad is ‘meitheal’ ann, do dhuine nach bhfuil Gaeilge aige nó aici.

Explain in three sentences what a ‘meitheal’ is, for someone who has no Irish.

1

Cé acu a d’fhreagair i nGaeilge?

Which one answered in Irish?

2

Cé acu a thuig an comhthéacs cultúrtha?

Which one understood the cultural context?

3

Ar chum ceann acu rud ar bith?

Did any of them invent something?

Hibrideach

Roinn an scáileán sa chruinniú Teams. Iarr ar dhaoine ar líne an chéad fhreagra a mheas sa chomhrá.

Share the screen in the Teams meeting. Ask online people to judge the first answer in the chat.

Comharchumann Chois Cuain

The scenario for the rest of the morning — fictional

SAMPLA OILIÚNA FICSEANÚIL — LE HAGHAIDH OILIÚNA AMHÁIN

Comharchumann pobail sa Ghaeltacht a ritheann caifé agus siopa ceardaíochta.

A community co-operative in the Gaeltacht that runs a café and a craft shop.

Muintir na háite, teaghlaigh agus cuairteoirí. Gaeilge ar dtús; leagan gearr Béarla.

Local people, families and visitors. Irish first; a short English version.

Bearnaí d'aon ghnó: níl sonraí teagmhála ann.

Deliberate gap: there are no contact details. Watch which tools invent them.

MTU

Ollscoil Teicneolaíochta na Mumhan
Munster Technological University

An cárta fíricí • The fact card

Imeacht	Aonach Ceardaíochta na Samhna
Dáta	Dé Sathairn, 21 Samhain 2026
Am	11:00–16:00
Ionad	Halla an Phobail, Cois Cuain (ficseanúil)
Cad atá ann	Fiche ceardaí áitiúil ag díol a gcuid earraí lámhdhéanta.
Do pháistí	Scéalaíocht i nGaeilge do pháistí idir 5 agus 10 mbliana d'aois, ag 14:00.
Bia	Beidh caifé an chomharchumainn ar oscailt.
Costas	Saor in aisce.
Teagmháil agus stáiníní	[le deimhniú]

An prompt céanna, trí chóras

Same prompt, three AI systems — word for word

Gaeilge • Irish

Scríobh post gearr i nGaeilge do na meáin shóisialta (80 focal ar a mhéad) chun an t-imeacht seo a chur chun cinn sa phobal áitiúil. Úsáid an t-eolas thíos AMHÁIN. Má tá sonra ar iarraidh, fág bearna idir lúibíní cearnacha seachas ceann a chumadh. Ag an deireadh, liostaigh aon téarmaí Gaeilge nach raibh tú cinnte fúthu. EOLAS: [greamaigh an cárta fíricí anseo]

Write a short Irish-language social media post (80 words at most) to promote this event in the local community. Use ONLY the information below. If a detail is missing, leave a gap in square brackets rather than inventing one. At the end, list any Irish terms you were unsure about.
INFORMATION: [paste the fact card here]

3

Grúpaí de thriúr: duine amháin in aghaidh na huirlise. Gan ach uirlis amháin? Comhrá nua, nó oibrigh le grúpa eile.

Groups of three: one person per tool. Only one tool? Use a fresh chat, or work with another group.

8

Bain triail as: an prompt céanna, focal ar fhocal, i ngach uirlis. Cóipeáil na trí fhreagra isteach sa leabhar oibre.

Try: the same prompt, word for word, in each tool. Copy the three answers into the workbook.

8

Cuir i gcomparáid: scóráil gach freagra ar na cúig cheist.

Compare: score each answer on the five questions.

6

Pléigh: scríobh líne amháin i gcomhrá Teams. Léifimid os ard iad.

Discuss: post one line in the Teams chat. We read them aloud.

Hibrideach

Ar líne: grúpaí i seomraí foghrúpa; greamaigh na trí fhreagra i ndoiciméad nó sa chomhrá.

Online: groups in breakout rooms; paste the three answers into a document or the chat.

Cuir i gcomparáid: cúig cheist

Compare: five questions for every answer

Teanga Language	Brí Meaning	Cultúr Culture	Tairbhe Usefulness	Muinín Trust
An bhfuil an Ghaeilge nádúrtha? Is the Irish natural?	Ar choimeád sé an bhrí a bhí uait? Did it preserve the intended meaning?	An dtuigeann sé comhthéacs na hÉireann agus na Gaeltachta? Does it understand the Irish and Gaeltacht context?	Cé acu is lú a bheadh le ceartú? Which would need the least editing?	Cé na héilimh a chaithfí a sheiceáil? Which claims would need checking?
An bhfuil an ghramadach ceart? Is the grammar correct?	Ar chum sé eolas? Did it invent information?	An bhfuil tuiscintí ó chultúr an Bhéarla ann? Does it make assumptions from English-language culture?	Cé acu a thug na smaointe is fearr? Which gave the best ideas?	An raibh uirlis ar bith níos cinnte ná mar ba cheart? Did any tool sound more confident than it deserved?
An ndéarfadh cainteoir dúchais é? Would a native speaker actually say it?	Ar athraigh sé an ton? Did it change the tone?	Ar choimeád sé an comhthéacs pobail? Did it keep the local community context?	Cé acu ab éasca oibriú leis? Which was easiest to work with?	
An bhfuil an foclóir oiriúnach? Is the vocabulary appropriate?			Cé mhéad nóiméad eagarthóireachta a bheadh ag teastáil? How many minutes of editing would it need?	

Scóráil: Lag • Ceart go leor • Maith — agus scríobh fáth amháin.
Score: Weak • OK • Good — and write one reason.

Is é an tasc a shocraíonn

Discuss: the task determines what matters

Is fearr ____ do ____ mar ____. Rud amháin a chum uirlis: ____.
____ was best for ____ because ____.

Is féidir torthaí difriúla a fháil ó uirlisí difriúla. Is é an tasc a shocraíonn cad is tábhachtaí.

Different models and environments can produce different results. The task determines what matters.

Níl aon uirlis is fearr i gcónaí. Má tá an tasc difriúil, d'fhéadfadh an toradh a bheith difriúil.

No tool is always best. Change the task and the result may change.

Hibrideach

Gach grúpa (sa seomra agus ar líne): líne amháin sa chomhrá. Léifear os ard iad.

Every group (room and online): one line in the chat. They are read aloud.

Níos faide ná an chatbot

AI beyond the chatbot — two different ways of working

1 • Cúntóir • Assistant

Ceist → freagra

Question → answer

Is ón eolas ginearálta atá aige a thagann an freagra.
The answer comes from what the model already knows.

2 • Fillteán • Folder

Foinsí → ceisteanna → fianaise → cinneadh daonna

Sources → questions → evidence → human decision

Is ó na doiciméid a thugann tusa dó a thagann an freagra — agus taispeánann sé cén áit.
The answer comes from the documents you give it — and it shows you where.

Bíonn sé úsáideach nuair atá an t-eolas scaipthe thar roinnt doiciméad.

It is useful when the information is spread across several documents.

Is é an scil atá á foghlaim: anailís AI bunaithe ar dhoiciméid. Níl ann ach sampla amháin den uirlis.

The skill is document-grounded AI analysis. The tool is just one example.

Sruth oibre doiciméad AI

A document-AI workflow you can reuse — seven steps

MTU

Ollscoil Teicneolaíochta na Mumhan
Munster Technological University

1

Bailigh

Gather

Bailigh na doiciméid ábhartha.

Collect the relevant documents.

2

Seiceáil

Check

Bain amach aon rud nár cheart a uaslódáil.

(STOP)

Remove anything that should not be uploaded.
(STOP)

3

Roghnaigh

Choose

Roghnaigh an uirlis agus an sruth oibre.

Choose the tool and the workflow.

4

Fiafraigh

Ask

Tabhair treoir shoiléir. Abair cad é an tasc.

Give a clear instruction. Say what the task is.

5

Anailísigh

Analyse

Iarr achoimre, comparáid nó eolas ar leith.

Ask for a summary, a comparison or specific information.

6

Fianaise

Evidence

Lean gach éileamh tábhachtach siar go dtí an fhoinse.

Trace every important claim back to its source.

7

Cinneadh

Decide

Déanann duine athbhreithniú agus an cinneadh deiridh.

A person reviews and makes the final decision.

Seo sruth oibre Sheisiún 2, agus doiciméid ann: Tasc → Foinse → Prompt → Gin → Fíoraigh → Feabhsaigh → Ceadú.

This is Session 2's workflow, with documents in it: Task → Source → Prompt → Generate → Verify → Improve → Approve.

Seiceáil sula n-uaslódáilann tú

Check before you upload — STOP, for documents

Dá mhéad eolais a thugaimid do chóras AI, is ea is cúramaí a chaithfimid smaoineamh ar a bhfuil ann.

The more information we give an AI system, the more carefully we need to think about what that information contains.

An bhfuil sonraí pearsanta ann?

Does it contain personal data?

An bhfuil eolas rúnda ann?

Does it contain confidential information?

An bhfuil sé íogair ó thaobh na tráchtála de?

Is it commercially sensitive?

An bhfuil cead agam é a uaslódáil?

Am I allowed to upload it?

Cén cuntas atá á úsáid agam?

Which account am I using?

Cad a deir beartas m'eagraíochta?

What does my organisation's policy say?

Is iad seo ceisteanna STOP Sheisiún 2 — Foinse, Muinín, Úinéireacht, Príobháideacht — do dhoiciméid.

These are Session 2's STOP questions — Source, Trust, Ownership, Privacy — for documents.

Sa bhunleagan, bhí ainm agus uimhir ghutháin i bhfoinse 4. Baineadh amach iad sa Phacáiste Foinsí. Cén fáth?

In the original, source 4 contained a name and a phone number. They were removed in the Supporting Source Pack. Why?

An fillteán: ocht bhfoinse

The folder: eight fictional sources for Comharchumann Chois Cuain

Le Gemini Notebook (NotebookLM roimhe seo)

notebook.google — cuntas Google ag teastáil. Uaslódáil an Pacáiste Foinsí (PDF).

notebook.google — a Google account is needed. Upload the Supporting Source Pack (PDF).

Le cúntóir a bhfuil comhaid aige

Uaslódáil an Pacáiste Foinsí (PDF amháin) chuig ChatGPT, Claude nó Copilot.

Upload the Supporting Source Pack (one PDF) to ChatGPT, Claude or Copilot.

Gan uirlis

Lean leabhar nótaí an éascaitheora ar an scáileán; seol do cheist sa chomhrá agus cuirfear isteach í.

Follow the facilitator's notebook on screen; send your question in the chat and it will be asked for you.

Níl an Ghaeilge ar liosta oifigiúil theangacha aschuir Gemini Notebook. Is féidir foinsí Gaeilge a chur isteach — bain triail as agus seiceáil.

Irish is not on Gemini Notebook's official list of output languages. You can add Irish sources — try it, and check.

Tabhair fillteán do AI

Give AI a folder — seven steps, the same for everyone

1	Cuir na foinsí isteach Add the sources	Uaslódáil an Pacáiste Foinsí (PDF): tá na hocht bhfoinse ann. Upload the Supporting Source Pack (PDF): all eight sources are in it.
2	Ceist leathan A broad question	Cad iad na trí rud is tábhachtaí nach mór dúinn a bheith ar an eolas fúthu faoin aonach seo? What are the three most important things we need to know about this event?
3	Ceist thar dhoiciméid A cross-document question	Cad iad na fadhbanna a aithníodh anuraidh, agus cad iad na bearta ba cheart don chomharchumann a mheas i mbliana? What problems were identified last year, and what actions should the co-operative consider this year?
4	Fianaise Evidence	Cén t-eolas a dhearbhaítear i níos mó ná foinse amháin? Luaigh na foinsí. What information is confirmed by more than one source? Name the sources.
5	Éiginnteacht Uncertainty	Cén t-eolas atá ar iarraidh, éiginnte nó contrártha idir na foinsí? What information is missing, uncertain or contradictory between the sources?
6	Achoimre don choiste A briefing	Scríobh achoimre ghearr (150 focal ar a mhéad) don choiste, bunaithe ar na foinsí amháin. Cuir [le deimhniú] ar aon rud nach bhfuil cinnte. Write a short briefing (150 words at most) for the committee, based only on the sources. Mark anything uncertain [to be confirmed].
7	Fíoraigh Verify	Seiceáil an achoimre in aghaidh na bhfoinsí. Lean éileamh amháin siar go dtí an fhoinse. Check the briefing against the sources. Trace one claim back to its source.

Is féidir na ceistanna a chur i nGaeilge nó i mBéarla. Bain triail as an dá cheann.

You can ask in Irish or in English. Try both.

Freagra → Foinse → Fianaise → Breithiúnas daonna

Evidence tracing — choose one claim and find it

1. Cén áit ar tháinig an t-éileamh as?

Where did the claim come from?

2. An bhfuil tacaíocht leis?

Is it supported?

3. Ar thuig AI an fhoinsé i gceart?

Did the AI interpret the source correctly?

4. An bhfuil aon rud ar iarraidh?

Is anything missing?

5. An mbeadh muintín agat as i ndoiciméad fíor?

Would you rely on this claim in a real document?

Roghnaigh éileamh tábhachtach amháin ón AI.

Clliceáil ar an tagairt. Léigh an fhoinsé féin.

Choose one important claim from the AI. Click the citation. Read the source itself.

Ní fianaise é freagra AI. Is féidir le AI cabhrú linn eolas a aimsiú agus a thabhairt le chéile. Is iad daoine atá freagrach as cinneadh a dhéanamh an bhfuil na conclúidí ceart.

AI output is not evidence. AI can help us navigate and synthesise information. People remain responsible for deciding whether the conclusions are correct.

11:25–11:35

Sos

Break • ten minutes

Tuar: cén uirlis is fearr a dhéanfaidh i nGaeilge inniu? Freagróimid é i gCuid 6.

Predict: which tool will do best in Irish today? We will answer it in Part 6.

An Ghaeilge i ré AI

Irish in the age of AI — in plain words, no maths

Printíseach sa leabharlann • An apprentice in a library

Samhlaigh printíseach a d’fhoghlaim le scríobh ag léamh leabharlainne. Ar gach seilf Ghaeilge, tá na céadta seilf Bhéarla. Scríobhfaidh sé Gaeilge — ach smaoinoidh sé i mBéarla.

Imagine an apprentice who learned to write by reading a library. For every shelf in Irish there are hundreds of shelves in English. They will write Irish — but they will think in English.

Pictiúr é seo, ní tomhas. Tá an éagothroime fíor; níl an uimhir chruinn.
This is a picture, not a measurement. The imbalance is real; the exact number is not.

An príomhsmaoineamh

The key idea — and five words that help

Má fheiceann córas AI i bhfad níos mó Béarla ná Gaeilge, b'fhéidir go mbeidh sé níos fearr ag an mBéarla — agus go dtabharfaidh sé tuiscintí an Bhéarla leis isteach sa Ghaeilge.

If AI systems see much more English than Irish, they may be better at English — and may carry English assumptions into Irish.

Sonraí teanga

Language data

An téacs agus an chaint as a bhfoghlaímíonn córas AI.
The text and speech an AI system learns from.

Teanga ar bheagán acmhainní

Low-resource language

Teanga nach bhfuil mórán téacs digiteach ar fáil inti. Cur síos ar na sonraí é sin — ní breithiúnas ar an teanga.
A language with little digital text available. That describes the data — it is not a judgement of the language.

Éagothroime teanga

Language imbalance

Is é an Béarla is mó a fheiceann na córais.
English is what the systems see most.

Léiriú

Representation

Cé chomh maith is a léiríonn na sonraí an Ghaeilge mar a labhraítear agus mar a scríobhtar í i ndáiríre.
How well the data reflects Irish as it is really spoken and written.

Lúb aiseolais

Feedback loop

Má fhoilsímid Gaeilge lag gan seiceáil, d'fhéadfadh córais amach anseo foghlaim uaithi.
If we publish weak, unchecked Irish, tomorrow's systems may learn from it.

Dhá thaobh an scéil

Two sides — what AI can do for Irish, and what can go wrong

Is féidir le AI ... • AI can ...

- **Is féidir le AI an Ghaeilge a dhéanamh níos úsáidí agus níos feiceálaí.**
AI can make Irish more useful and more visible.
- **Is féidir leis bacainní ar ábhar Gaeilge a chruthú a laghdú.**
It can lower the barriers to creating Irish-language content.
- **Is féidir leis cabhrú le dréachtú, aistriú agus anailís.**
It can help with drafting, translating and analysing.
- **Is féidir leis tacú le gnólachtaí agus le grúpaí pobail.**
It can support businesses and community groups.

Ach is féidir leis freisin ... • But it can also ...

- **Gaeilge mhínádúrtha, faoi thionchar an Bhéarla**
Unnatural, English-influenced Irish
- **Nathanna cainte, tagairtí cultúrtha agus réim tuigte go mícheart**
Idioms, cultural references and register misunderstood
- **Eolas mícheart, ach é ráite go cinnte**
Incorrect information, stated confidently

Ní hionann níos mó úsáide AI agus Gaeilge níos láidre.

Greater AI use does not automatically mean stronger Irish.

An baol is mó: má bhíonn AI níos éasca i mBéarla, d'fhéadfadh daoine iompú ar an mBéarla.

The biggest risk: if AI is easier in English, people may simply switch to English.

Cén Ghaeilge?

Which Irish? Irish varies by region and context — and so should our checks

Má iarraim ar AI scríobh i nGaeilge, cén Ghaeilge a scríobhann sé? An í sin an Ghaeilge a úsáideann an pobal seo?

If I ask an AI system to write in Irish, which Irish does it produce? Does that match the Irish used by this community?

Gaeilge na Mumhan • Munster Irish

Gaeilge Chonnacht • Connacht Irish

Gaeilge Uladh • Ulster Irish

An Caighdeán Oifigiúil: caighdeán don Ghaeilge scríofa — ní canúint labhartha é.

An Caighdeán Oifigiúil: a standard for written Irish — not a spoken dialect.

Cad a athraíonn? • What varies?

foclóir • fuaimniú • gramadach • nathanna cainte • struchtúr abairtí • na focail is fearr le daoine • foirmeacha scríofa • réim agus úsáid áitiúil

vocabulary • pronunciation • grammar • idioms • sentence structure • preferred expressions • written forms • register and local usage

Gaeltacht Mhúscraí: Baile Mhúirne/Baile Mhic Íre, Béal Átha'n Ghaorthaidh, Cill na Martra, Cúil Aodha agus Ré na nDoirí.

The Múscraí Gaeltacht: Baile Mhúirne/Baile Mhic Íre, Béal Átha'n Ghaorthaidh, Cill na Martra, Cúil Aodha and Ré na nDoirí.

Is cineál dlisteanach den teanga í canúint, lena foclóir, a nathanna, a húsáid agus a féiniúlacht féin. Ní rangú canúintí atá i gceist.

A dialect is a legitimate linguistic variety with its own vocabulary, expressions, usage and identity. This is not about ranking dialects.

1. An bhfuil sé ceart? • 2. An bhfuil sé nádúrtha? • 3. An bhfuil sé oiriúnach don phobal seo?

1. Is it correct? • 2. Is it natural? • 3. Is it appropriate for this community?

Cad a deir an taighde?

What does the research say? Two 2025 studies, in one sentence each

IRLBench (2025), bunaithe ar cheisteanna scrúdaithe na hArdteistiméireachta: d'fhreagair an tsamhail ab fhearr i gceart 55.8% den am i nGaeilge, i gcomparáid le 76.2% i mBéarla.

IRLBench (2025), built from Leaving Certificate exam questions: the best model tested answered correctly 55.8% of the time in Irish, against 76.2% in English, and models gave a valid Irish answer less than 80% of the time.

Irish-BLiMP (2025), 1,020 péire tástála gramadaí: fuair daoine 90.1%; fuair an tsamhail ab fhearr 73.5%.

Irish-BLiMP (2025), 1,020 grammar test pairs: people scored 90.1%; the strongest model tested scored 73.5%.

Pictiúir thaighde ó 2025 iad seo. Athraíonn na samhlacha go tapa. Is é an bhearna idir an Béarla agus an Ghaeilge an pointe, ní an uimhir chruinn.

These are research snapshots from 2025. Models change quickly; the scores of today's tools may be higher or lower. The pattern — a gap between English and Irish — is the point, not the exact number.

An deis

The opportunity — Irish could become easier to use, not harder

An deis: d'fhéadfadh AI an Ghaeilge a dhéanamh i bhfad níos éasca le húsáid san obair dhigiteach laethúil — má úsáidimid í, má mheasaimid í agus má fheabhsaímid í.

The opportunity: AI could make Irish much easier to use in everyday digital work — if we use it, evaluate it and improve it.

1

Tá an Ghaeilge ina teanga oifigiúil iomlán san AE ó 2022: níos mó téacs oifigiúil i nGaeilge.

Irish has been a full official working language of the EU since 1 January 2022, so far more official text is now translated into Irish.

2

An Plean Digiteach don Ghaeilge 2023–2027: teicneolaíocht urlabhra agus teanga.

The Government's Digital Plan for the Irish Language (2023–2027) funds speech and language technology for Irish, including machine translation.

3

Samhlacha oscailte Gaeilge–Béarla ó ollscoileanna in Éirinn (UCCIX, Qomhrá).

Irish universities have built open Irish–English language models (UCCIX, 2024; Qomhrá, 2026).

Ní hiad na samhlacha amháin a shocróidh todhchaí na Gaeilge in AI. Is iad na daoine a úsáideann í, a mheasann í, a cheartaíonn í agus a chruthaíonn léi freisin.

The future of Irish in AI will not simply be decided by the models. It will also be shaped by how people use, evaluate, correct and create with it.

Údarás teanga daonna

AI can generate Irish. That does not make AI an authority on Irish.

Is féidir le AI Gaeilge a ghiniúint. Ní údarás ar an nGaeilge é AI dá bharr sin. Ní chiallaíonn sé go dtuigeann sé an chanúint, an pobal ná an comhthéacs cultúrtha ina n-úsáidtear í.

An tseiceáil IRISH

Five questions after every AI-generated Irish text

I

Intinn

Intent

Ar choimeád an Ghaeilge an rud a bhí ar intinn agam?

Did the Irish keep what I actually meant?

R

Réim

Register

An oireann an ton agus an réim teanga don lucht féachana?

Are the tone and register right for the audience?

I

Gaeilge

Irish

An bhfuil an Ghaeilge nádúrtha agus cruinn? An ndéarfadh duine é?

Is the Irish natural and accurate? Would a person say it?

S

Ciall

Sense

An bhfuil an chiall, na fíricí agus na tagairtí cultúrtha ceart?

Are the meaning, facts and cultural references right?

H

Duine

Human

Ar sheiceáil duine a bhfuil Gaeilge mhaith aige nó aici é?

Has a person with good Irish checked it?

+ **Canúint agus comhthéacs áitiúil: An bhfuil sé oiriúnach don lucht féachana atá beartaithe — i Múscraí, mar shampla?**

+ Dialect and local context: Is it appropriate for the intended audience — in Múscraí, for example? • Session 2's full list of Irish-language checks sits under 'I — Irish'.

Roimh, tar éis, ag an deireadh

Three checks, one workflow: STOP • IRISH • Approval

Ní hé AI a cheadaíonn. • Ní hé AI an t-údarás ar an nGaeilge.
AI does not approve. • AI is not the authority on Irish.

Dúshlán A: Léamh profaí

Challenge A: proofreading — nine problems in an AI draft

Aonach Ceardaíochta na Samhna – Cois Cuain

Tá muid ag breathnú ar aghaidh chun tú a fheiceáil ag ár nAonach Ceardaíochta!

Beidh an t-aonach ar siúl Dé Domhnaigh, 21 Samhain, i Halla an Phobail.

Beidh fiche ceardaí áitiúil ann, ag díol a gcuid earraí lámhdhéanta ar an bord.

Tá an t-aonach maoinithe go hiomlán ag an gComhairle Contae.

Beidh an event saor in aisce do chách.

Ag 14:00, beidh scéalaíocht ann do pháistí agus do dhaoine fásta.

Le registráil do stáinnín, seol ríomhphost chuig eolas@coiscuain.example.

Tagaigí in bhur ngeansaithe Árann, agus bainigí sult as pionta Guinness sa chaifé!

Is féidir teacht isteach gan táille, faoi réir na bhforálacha reachtúla ábhartha atá i bhfeidhm.

Léigh an dréacht. Cuir líne faoi gach fadhb. Scríobh cén cineál faidhbe atá ann, agus do leagan féin.

Read the draft. Underline every problem. Write what kind of problem it is, and your own version.

Cineálacha fadhbanna • Types

Gramadach • Frásaí míchompordacha • Tionchar an Bhéarla •
Tearmaíocht mhícheart • Réim mhícheart • Botún fíorasach • Eolas cumtha • Brí athraithe • Cultúr

Ní aimseoidh seiceálaí gramadaí ach cuid acu. Aimseoidh duine an chuid eile.

A grammar checker will only find some of them. A person finds the rest.

Cén Ghaeilge? Bain triail as

Which Irish? Same English, two prompts — what would you change?

MTU

Ollscoil Teicneolaíochta na Mumhan
Munster Technological University

Béarla le haistriú • English to translate

Youth storytelling evening: young people from the parish will tell stories in Irish in the community hall on Thursday 15 October at 7.30pm. Everyone welcome. Tea afterwards.

Prompt A: Aistrigh an fógra seo go Gaeilge: [greamaigh an Béarla]

Prompt B: Aistrigh an fógra seo go Gaeilge do lucht féachana i nGaeltacht Mhúscraí. Úsáid Gaeilge nádúrtha na Mumhan nuair is cuí. Coimeád an bhrí bhunaidh agus ná cum nathanna ná téarmaíocht áitiúil. Má tá tú éiginnte faoi nath canúnach, cuir in iúl é le go seiceálfadh duine é. [greamaigh an Béarla]

3 nóim. • I mbeirteanna: rith prompt A agus prompt B leis an mBéarla céanna.

3 nóim. • Cad a d'athrófá? Marcáil gach rud agus abair cén fáth.

2 nóim. • Roinn athrú amháin sa chomhrá, agus an cineál athraithe.

Pléigh • Discuss

1. Ar tháinig leaganacha difriúla amach?
2. Ar thuig uirlis ar bith an comhthéacs áitiúil níos fearr?
3. An bhfuil nathanna ann nach n-úsáidfeá féin?
4. Ar mhaigh uirlis go raibh Gaeilge na Mumhan in úsáid aici gan é sin a dhéanamh?
5. Cad a d'athrófá?
6. Cé a dhéanann an cinneadh deiridh?

Cineál athraithe • Kind of change: Gramadach • Foclóir • Réim • Rogha áitiúil • Tionchar an Bhéarla
Ní hionann 'difriúil ón mbealach a déarfainnse é' agus 'mícheart'. Pléigh é.

Is féidir le prompt níos cruinne comhthéacs a thabhairt. Ní féidir le prompt saineolaí canúna a dhéanamh de shamhail AI.

A more specific prompt can provide context, but a prompt cannot turn an AI model into a dialect expert.

Dúshlán B: Doiciméid Ghaeilge

Challenge B: AI analysis of Irish-language documents — same notebook

1. Déan achoimre ar an aiseolas Gaeilge amháin i bhfoinse 3. Cad iad na téamaí a thagann arís agus arís eile?

Summarise only the Irish-language feedback in source 3. What themes recur?

2. Cuir an bhileog eolais Ghaeilge (foinse 1) agus an bhileog Bhéarla (foinse 2) i gcomparáid. Cad iad na difríochtaí?

Compare the Irish fact sheet (source 1) and the English fact sheet (source 2). What are the differences?

3. Cad iad na bearta a mholtar san aiseolas Gaeilge agus san aiseolas Béarla? An bhfuil difríocht eatarthu?

What actions are suggested in the Irish and in the English feedback? Do they differ?

4. An bhfuil aon rud débhríoch nó doiléir san aiseolas Gaeilge? Mínigh é.

Is anything in the Irish feedback ambiguous or unclear? Explain it.

5. Déan achoimre ar fhoinse 8. Cad atá á iarraidh ag an gclub óige, agus conas a bhaineann sé le foinsí eile?

Summarise source 8. What is the youth club asking for, and how does it relate to the other sources?

Cé chomh cinnte is atá tú gur thuig AI an Ghaeilge i gceart?

How confident are you that the AI understood the Irish correctly?

Cad ba mhaith leat go seiceálfadh cainteoir Gaeilge?

What would you want an Irish-language speaker to check?

Baineann IRISH le Gaeilge a ghin AI, le Gaeilge a d'aistrigh AI, le hanailís AI ar dhoiciméid Ghaeilge, agus le haschur dátheangach.

IRISH applies to AI-generated Irish, AI-translated Irish, AI analysis of Irish documents, and bilingual outputs.

Is féidir le AI cabhrú linn oibriú le heolas Gaeilge. Ní údarás ar an nGaeilge é dá bharr sin.

AI can help us work with Irish-language information. That does not make it an authority on Irish.

Cén sruth oibre? Cén uirlis?

Which workflow would you choose — and why? No single right answer

W1 • Comhrá le cúntóir

Chat with an assistant

A Tá 15 dhoiciméad agam ó chomhairliúchán pobail. Ba mhaith liom na príomhthéamaí a aimsiú.

I have 15 documents from a community consultation and want to identify the main themes.

B Caithfidh mé fógra dátheangach a scríobh.

I need to write a bilingual announcement.

C Caithfidh mé togra na bliana seo a chur i gcomparáid le togra na bliana seo caite.

I need to compare this year's proposal with last year's.

D Ba mhaith liom smaointe a chur le chéile d'fheachtas.

I want to brainstorm ideas for a campaign.

E Tá roinnt tuarascálacha agam agus caithfidh mé achoimre ghearr a ullmhú.

I have several reports and need to prepare a short briefing.

Smaoinigh ar • Consider

An tasc • The task
Líon na bhfoinsí • Number of sources
Príobháideacht • Privacy
Rúndacht • Confidentiality
An t-aschur • The output needed
Fianaise • Need for evidence
Teanga • Language
Fíorú daonna • Human verification

Sa chomhrá: 'A — W3, mar ...' Níl freagra amháin ceart. Is é an tasc, na foinsí agus an baol a shocraíonn.

In the chat: 'A — W3, because ...' There is no single right answer. The task, the sources and the risk decide.

Sé shocrú a bhfuil tábhacht leo

Six settings that change how you should use the tools

Treoracha seasta

Standing instructions

Íseal

Treoir a chuirtear le gach comhrá: cé thú, conas ba mhaith leat freagraí.

An instruction added to every chat: who you are, how you want answers.

Cuimhne

Memory

Ard

Coimeádann an uirlis rudaí fút ó chomhrá go comhrá.
The tool keeps things about you from chat to chat.

Comhrá sealadach / incognito

Temporary / incognito chat

Ard

Comhrá nach gcoimeádtar i do stair ná i gcuimhne na huirlise.
A chat that is not kept in your history or the tool's memory.

Sonraí d'oiliúint

Data for training

Ard

Socraíonn sé an úsáidtear do chomhráite chun samhlacha a oiliúint.

Decides whether your chats are used to train models.

Tionscadail

Projects

Meánach

Fillteán le comhráite, comhaid agus treoracha do thasc amháin.
A folder of chats, files and instructions for one piece of work.

Cuntas oibre nó pearsanta; samhail agus cuardach

Work or personal account; model and search

Ard

Socraíonn sé cé na rialacha a bhaineann le do chuid sonraí, agus cén 'inchinn' a fhreagraíonn.
Decides which rules cover your data, and which 'brain' answers.

Oscail socruithe d'uirlise féin. Faigh trí cinn de na sé shocrú. An bhfuil siad ann? An bhfuil siad ar siúl? An athróidh tú iad?

Open your own tool's settings. Find three of the six. Are they there? Are they on? Will you change them?

	ChatGPT	Claude	Copilot
Cuimhne Memory	Settings → Personalization → Memory (features vary by plan)	Settings → Memory (on by default on Free, Pro, Max)	Consumer: profile → Memory → Personalization and memory
Comhrá sealadach / incognito Temporary / incognito chat	Temporary Chat: not in history, no memory, not used for training (may be kept up to 30 days for safety)	Incognito chat: not saved to memory, never used for training	Work account: Copilot Chat has enterprise data protection. Consumer: check your app
Sonraí d'oiliúint Data for training	Settings → Data controls → “Improve the model for everyone”	Settings → Privacy → “Help improve Claude” (Free, Pro, Max)	Consumer: Privacy → “Training on conversation activity” / “Training on voice conversations”

Ní chuireann socrú ar bith cead isteach: an tástáil STOP fós.
No setting grants permission: STOP still applies.

Cad a d'athraigh?

What changed? Last year's plan (English) against this year's (Irish)

Tá Comharchumann Chois Cuain ag ullmhú don aonach. Is sibhse an fhoireann: cuir an dá phlean i gcomparáid, roghnaigh aschur amháin, agus críochnaigh le ceadú.

Comharchumann Chois Cuain is preparing for the fair. You are the team: compare the two plans, choose one output, and finish with approval.

Prompt

Cuir foinse 5 (plean 2025) agus foinse 6 (plean 2026) i gcomparáid. Liostaigh: (1) athruithe tábhachtacha, (2) eolas nua, (3) eolas a baineadh amach, (4) neamhréitigh le foinsí eile, (5) rudaí a dteastaíonn aird dhaonna uathu. Luaigh an fhoinsé do gach pointe.

Compare source 5 (plan 2025) and source 6 (plan 2026). List: (1) important changes, (2) new information, (3) information that was removed, (4) contradictions with other sources, (5) issues needing human attention. Cite the source for each point.

Athrú • Change

Nua • New

Bainte amach • Removed

Neamhréiteach • Contradiction

Aird dhaonna • Needs attention

Seiceáil gach pointe in aghaidh an dá phlean. Ar aimsigh AI an t-eolas a baineadh amach? Is iad sin is deacra.

Check each point against the two plans. Did the AI find what was removed? Those are the hardest.

Hibrideach

Na grúpaí céanna; seomraí foghrúpa ar líne. Liosta na n-athruithe sa chomhrá.

Same groups; online in breakout rooms. Post your list of changes in the chat.

Roghnaigh aschur amháin

Choose one output — you decide the tool, the prompt and the checks

1 Fógra

Fógra iomlán i nGaeilge — ón bplan 2026 agus ón mbileog Ghaeilge.
A full Irish announcement — from plan 2026 and the Irish fact sheet.

2 Leagan gearr Béarla

Trí abairt i mBéarla do chuairteoirí — scríofa mar Bhéarla, ní focal ar fhocal.
Three sentences in English for visitors — written as English, not word for word.

3 Na meáin shóisialta

Dhá leagan: post fada agus post an-ghearr, i nGaeilge.
Two versions: a longer post and a very short one, in Irish.

4 Ceisteanna ón bpobal

Freagair na ceisteanna i bhfoinse 7. Ná cum rud nach bhfuil sna foinsí.
Answer the questions in source 7. Do not invent anything not in the sources.

5 Achoimre don choiste

Feabhsaigh an achoimre ó Chuid 4: cad atá le socrú fós?
Improve the briefing from Part 4: what still needs deciding?

6 Athbhreithniú ar an nGaeilge

Cuir an tseiceáil IRISH i bhfeidhm ar aschur grúpa eile.
Apply the IRISH check to another group's output.

Roghnach: caithfidh an chumarsáid deiridh a bheith oiriúnach do lucht féachana i nGaeltacht Mhúscraí.

Optional: the final communication must be appropriate for an audience in the Múscraí Gaeltacht.

Sibhse a shocraíonn • You decide

Cén uirlis? Cén fáth?

Cén prompt?

Cén t-eolas atá sábháilte le tabhairt di? (STOP)

Cad is gá a sheiceáil? (IRISH)

Cad nár cheart a thabhairt do AI riamh?

Cé a cheadaíonn é?

× An ceadú deiridh

× Freagraí ar ghearáin phearsanta

× Comharthaíocht agus téacsanna oifigiúla gan seiceáil

× Gealltanais nach bhfuil fíoraithe

Ní hé AI a cheadaíonn

Task 8 — final human approval

Ceadaithe ag: _____ Dáta: _____

Approved by: _____ Date: _____

Gan cheadú go fóill. Cad atá ar iarraidh?

Not approved yet. What is missing?

I • Intinn

R • Réim

I • Gaeilge

S • Ciall

My AI toolkit — seven minutes, alone; it is yours

Uirlis 1 — cad chuige a n-úsáidfídh mé í?

Tool 1 — what will I use it for?

Uirlis 2 — cad chuige a n-úsáidfídh mé í?

Tool 2 — what will I use it for?

Sruth oibre doiciméad — cad chuige a n-úsáidfídh mé é?

Document-analysis workflow — what will I use it for?

Prompt úsáideach 1

Useful prompt 1

Prompt úsáideach 2

Useful prompt 2

Prompt úsáideach 3

Useful prompt 3

Mo riail sábháilteachta

My safety rule

Mo riail seiceála don Ghaeilge — agus cé a sheiceálann mo chuid Gaeilge?

My Irish-language checking rule — and who checks my Irish?

Tasc amháin a dtosóidh mé ag úsáid AI dó an tseachtain seo chugainn

One task I will start using AI for next week

Rud amháin nach dtabharfaidh mé do AI le déanamh

One thing I will not delegate to AI

Hibrideach

Leabhar oibre nó an leathanach gréasáin (ní shábháiltear rud ar bith). Líne amháin sa chomhrá, más mian leat.

Workbook or the web page (nothing is saved). One line in the chat, if you like.

A bhfuil pléite againn inniu

What we said today

Is féidir le AI Gaeilge a scríobh.

AI can write Irish.

Is féidir le AI aistriú.

AI can translate.

Is féidir le AI cabhrú leat.

AI can help you.

Ní hé AI an t-údarás ar an nGaeilge.

AI is not the authority on Irish.

Ba cheart go gcabhródh AI le daoine níos mó Gaeilge a úsáid — ní go mbeadh an Ghaeilge níos lú le feiceáil nó níos lú barántúil.

AI should strengthen people's ability to use Irish — not make Irish less visible or less authentic.

Uirlis is ea AI. Is í an scil ná í a úsáid, í a cheistiú, í a chur i gcomparáid, agus breithiúnas daonna a choimeád i gcroílár na hoibre.

AI is a tool. The skill is knowing how to use it, question it, compare it — and keep human judgement at the centre.

Ar aghaidh go Seisiún 4

Reflection, the task between sessions, and the concerns wall

1. Rud amháin a chuir ionadh orm faoi AI agus an Ghaeilge inniu.

One thing that surprised me about AI and Irish today.

2. Rud amháin nach ligfidh mé do AI a dhéanamh le mo chuid Gaeilge.

One thing I will not let AI do with my Irish.

Ó fhoireann uirlisí go nós • From toolkit to habit

Úsáid d'fhoireann uirlisí ar thasc fíor amháin. Tabhair leat go Seisiún 4: an leagan a ghin AI, do leagan ceartaithe, agus cad a d'athraigh tú.

Use your toolkit on one real task. Bring to Session 4: the AI version, your corrected version, and what you changed.

Seisiún 4: Clinic Muiníne — do cheisteanna, do shruth oibre agus do phlean.

Session 4: Confidence Clinic — your questions, your workflow and your plan.
